

Arts in Action - Please Help!

With our larger number of students this year... WE ARE LOOKING FOR MORE ARTISTS FOR ARTS IN ACTION!!! PLEASE HELP US RECRUIT FOR THIS WONDERFUL DAY!

Below is some basic information to share if there is anyone (you, friend, family member, etc) who you think might be interested in this unique opportunity!

Possible art forms include: TV, Film, stage performance, acting, improv, face painting, hairstyling & make up, yoga, karate, hip hop, dance, graphic arts, video game design, jewelry making or design, TV news production, singer/ songwriter, watercolor, visual arts, photography, pottery, or anything else you can think of!!!

As an artist or artisan, you will share your expertise in a series of 4 - 50 minute hands-on sessions with staff supervised small groups of students. We welcome your involvement for all or part of the day, from 8am until 3pm. We will begin our day with a special breakfast treat. A gourmet luncheon will be held during the midday break, as well as a concert by some of the community's finest student musicians. Also, we will have a special dessert celebration at the end of the day. The FWMS PTSA sponsors this event.

Your time spent with our students will go a long way towards expanding our students' definition of what 'art' is. As professionals and supporters of the arts, it is up to us to be sure that our youth are aware of the history and impact of the arts, not only on society as a whole, but on the individual's life as well. We ask that artists donate as many of the materials that they can - however we have a small budget and can supply some materials needed.

We will be in touch with you in January with a Presenter's Confirmation Form where you can outline your specific needs. In the meantime, please keep in mind Thursday, May 3rd. We are looking forward to seeing you then. Please send any questions or correspondence to Jill Duguid at jduguid@fairfieldschools.org or Kristen Chase at kchase@fairfieldschools.org.
